TRIVIA-8	Bug
Link	
https://ehabolos98.atlassian.net/browse/TRIVIA-8	
Summary	
Spelling error in the answers forms	
Severity	Priority
Low	Low
Description	
In all of the answer forms there is a spelling error in the form header, in the header "Please enter 4 possible answers and Mark the right one!", the word "Mark" should be "mark" (it's not a name).	
Steps	

- Open <https://shemsvcollege.github.io/Trivia/> in Google Chrome browser
- Click on the “Start” button
- Enter the string “x” in the “Type here your question?” field
- Click on the “next” button
- **The header “Please enter 4 possible answers and Mark the right one!” in the first question answers form has the work “Mark“ that starts with a capital letter and should start with a small letter**

Expected Result	Actual Result
No spelling errors	A spelling error in the questions forms headers

Notes
<ul style="list-style-type: none"> • This issue also appears in the second question answers form and in the third question answers form.

TRIVIA-10	Bug
Link	
https://ehabolos98.atlassian.net/browse/TRIVIA-10	
Summary	
The website does not add "?" automatically	

Severity	Priority
Medium	Medium
Description	
The website should add the "?" if we don't type it in the question field, but in the 3 questions if we don't add it the website does not add it too.	
Steps	
<ul style="list-style-type: none"> ● Open https://shemsvcollege.github.io/Trivia/ in Google Chrome browser ● Click on the "Start" button ● Enter the string "x" in "Type here your question?" field ● Click on the "next" button ● Enter the string "a" in the "first answer" field ● Enter the string "b" in the "seconde answer" field ● Enter the string "c" in the "theird answer" field ● Enter the string "d" in the "forth answer" field ● select the first radio button next to the answer "a" ● Click on the "next" button ● Enter the string "y" in "Type here your question?" field ● Enter the string "e" in the "first answer" field ● Enter the string "f" in the "seconde answer" field ● Enter the string "g" in the "theird answer" field ● Enter the string "h" in the "forth answer" field ● select the first radio button next to the answer "e" ● Click on the "next" button ● Enter the string "z" in "Type here your question?" field ● Enter the string "i" in the "first answer" field ● Enter the string "j" in the "seconde answer" field ● Enter the string "k" in the "theird answer" field ● Enter the string "l" in the "forth answer" field ● select the first radio button next to the answer "i" ● Click on the "next" button ● Click on the "Play" button ● The third question should be "z?" but it shows "z" - the "?" is missing and the website does not add it automatically 	
Expected Result	
The "?" is added automatically if we don't type it	
Actual Result	
The website does not add the "?" automatically	
Notes	
<ul style="list-style-type: none"> ● This issue also appears in the second and the third questions forms ● Work around - Adding the "?" manually to the questions

TRIVIA-12	Bug
-----------	-----

Link	
https://ehabolos98.atlassian.net/browse/TRIVIA-12	
Summary	
The "Back" button does not opens back the second question answers form	
Severity	Priority
High	Hight
Description	
The "Back" button in the third question form does not takes us back to the second question answers form.	
Steps	
<ul style="list-style-type: none"> ● Open https://shemsvcollege.github.io/Trivia/ in Google Chrome browser ● Click on the "Start" button ● Enter the string "x" in "Type here your question?" field ● Click on the "next" button ● Enter the string "a" in the "first answer" field ● Enter the string "b" in the "seconde answer" field ● Enter the string "c" in the "theird answer" field ● Enter the string "d" in the "forth answer" field ● select the first radio button next to the answer "a" ● Click on the "next" button ● Enter the string "y" in "Type here your question?" field ● Enter the string "e" in the "first answer" field ● Enter the string "f" in the "seconde answer" field ● Enter the string "g" in the "theird answer" field ● Enter the string "h" in the "forth answer" field ● select the first radio button next to the answer "e" ● Click on the "next" button ● Click on the "Back" button ● The page gets stuck in the third question form and does not go back to the second question answers form 	
Expected Result	Actual Result
The "Back" button takes us back to the second question answers form	The "Back" button does not change the page
Notes	
<ul style="list-style-type: none"> ● This is a feature that does not work and there is no work around ● The same button if we click it after clicking the "Back" button in the third question answers form will 	

get us stuck in a loop between the third question form and the third question answers form and will act like the "next" button
