

TRIVIA-13	Bug
Link	
https://ehabolos98.atlassian.net/browse/TRIVIA-13	
Summary	
The question length can't be 50 characters	
Severity	Priority
Medium	Medium
Description	
The question field does not accept a string with 50 characters.	
Steps	
<ul style="list-style-type: none"> Open https://shemsvcollege.github.io/Trivia/ in Google Chrome browser Click on the "Start" button Enter the string "x"x50 in "Type here your question?" field Click on the "next" button The string will be removed from the the field - the way it should if we entered a string thats bigger than 51 characters 	
Expected Result	Actual Result
The questions field can be a string with 50 characters	The field removes the string and does not accept a string with 51 characters
Notes	
<ul style="list-style-type: none"> This issue occurs in the second and the third question fields. If we enter a string with 49 characters or a string with 49 characters and "?" the field will allow it. Work around - Enter a string with 49 characters or a string with 49 characters and "?"
