TRIVIA-4	Bug
Link	
https://ehabolos98.atlassian.net/browse/TRIVIA-4	
Summary	
The "Back" button in the first question form is clickable	
Severity	Priority

High	Medium
Description	
The “Back” button in the first question form should be non-clickable because we cant go back, and if its clickable there is no result after clicking it.	
Steps	
<ul style="list-style-type: none"> • Open https://shemsvcollege.github.io/Trivia/ in Google Chrome browser • Click the “Start” button • Click on the “next” button • The “Back” button will change to clickable 	
Expected Result	Actual Result
The "Back" button is unclickable in the first question form page	The "Back" button is clickable in the first question form page
Notes	
<ul style="list-style-type: none"> • The button will be clickable if we click the “Next” without filling the field or if we enter a wrong string and click the “next” button • If the button is clickable then It's a feature that does not work
